Dear families

We have just heard the government's plan for moving to the first phase of reopening the country after lockdown. Schools only hear the news at the same time as the public and we expect further details from the Department for Education tomorrow.

We have spent the past few weeks planning for different opening scenarios and researching transmission and contamination so that we are in a position to plan safely. We are holding a remote staff and governor meeting on Monday evening and I will then contact you with further details about the plans for our school later this week, so that you can in turn plan for your children.

I know this news will bring many questions, anxieties and also an element of relief for our families. Please be patient and bear with us so that the information we send you is well thought out and in the best interests of our community.

Teachers will be online tomorrow morning at 9am, so we will see you then!

Take care and keep safe,

Mrs Donelan
