FS2 Celebration Newsletter

Spring 1 2020

What an action-packed, 'roarsome' half term we have had in FS2! The children have had lots of fun during the first part of our exciting eggs topic.

After discovering a huge nest filled with mysterious eggs, we have enjoyed learning about dinosaurs. We have read lots of amazing dinosaur stories, used small world resources to create dinosaur islands and used our super phonics skills to label fossils and dinosaur pictures.

Some highlights this half term have been our Literacy open lesson (where the children loved teaching their grown ups how we can use our phonics skills to write), sharing stories and non-fiction texts with friends, egg investigations, outdoor learning and learning all about compassion.

The children are becoming much more independent with their learning and are demonstrating their skills in all areas of provision. They have worked hard this half term and the FS2 team are extremely proud of the progress the children are making. .

Continue to send us updates to our email address FS2@christchurch-moreton.wirral.sch.uk as we enjoy sharing these with the children and celebrating their achievements in class.

Thank you for all of your support this half term. We hope you have a relaxed, fun-filled break. Next half term is set to be very fun with some fluffy little friends due to hatch and lots of new, wonderful learning to be explored.
