

Year 6 Spring 1 Update

Year Six have had a busy start to 2020!

In English, we have completed reading Wild Boy! Due to the children enjoying this so much, they decided that they wanted to write persuasive letters to Hollywood film directors to persuade them to make the book into a film. I wonder if they will be convincing enough to hear back?!

In maths, children have been using the mathematical strategies that they have learnt to solve a range of problems. In Miss Cooper's set, this involved real life scenarios such as helping Mrs Donelan plan the summer residential to London.

In topic, we have started to look at the World Wars. To support the children's understanding of this time and the events, we attended the Holocaust Commemoration Service at the Floral Pavilion. Two of our children also read parts of the Statement of Commitment, they were Jorjia Whitcome and Ruby Eaves. We were all so proud of the girls showing great courage to stand up and read in front of a packed theatre.

Mosslands High School also visited us during science week and helped us explore forces. This was a very exciting morning, as not only did the children learn about different forces such as up-thrust, gravity and air resistance, to name a few, they also built their own rockets.
