

Maths

In Maths we will be continuing to learn about numbers up to 5. We will be developing our ability to subitise (*say how many is in a group without counting each object*) and using our knowledge of numbers to add and subtract in simple problems. We will be focusing on deepening our knowledge of numbers so that we can rapidly recall number facts, apply this to solve problems and most importantly, talk about and explain our mathematical thinking.

Topic / theme

This half term we will be linking lots of our learning to our themes: *Marvellous Me* and *my super celebrations!* This will include learning about Christmas and the Nativity. We will be thinking about special events that we celebrate such as our birthdays, weddings and christenings. We will begin to think about how the very first Christmas was a special birthday and learn about how we can celebrate this by planning parties and baking cakes! We will be using key texts to support this learning - *Cake!*, *Alfie and the birthday surprise* and various Nativity themed books.

General

Please remember to continue to send in a water bottle, bookbag and waterproof coat each day. Your child should bring in their 'Home School Diaries' each day for their Key Person to complete and send back to you. Please use these as a way of letting us know any information or share happy moments from home. Please continue to use Tapestry to share any amazing learning or activities your child has done outside of school, we love to see them and celebrate together!

Please continue to use the email address earlyyears@christchurch-moreton.wirral.sch.uk for any correspondence.

Christ Church (Cof E) Moreton Primary School

Autumn 2 2022

Pre School Curriculum Newsletter

Diary dates & events

We had a wonderful first half term together in Autumn 1 and are so proud of how all the children have settled in to Pre School. Below are planned activities but please note these may be subject to change if circumstances in school change for any reason. We will do our best to keep you updated with enough notice if things are required to change.

Upcoming things to note...

Pre School Opening
Wednesday 2nd Nov 2.30pm

EYFS Nativity / Christmas Performance
14.12.22 PM

Further information regarding timings, adults attending and your child's involvement will follow in due course

School Christmas Church Services
Tuesday 20th December AM

Please keep a check on your emails as this is our best method of communicating important information with you under the current circumstances, thank you.

Nurturing achievers,
who in Jesus' sight are:

Resourceful, Reliable, Respectful and Resilient

Phonics / English

In Phonics we will be learning to hear and say sounds in words, notice the initial sound in words and talk about different sounds we can hear. We will be playing games to help us orally blend and segment words (break them up into the sounds within and vice versa to say a whole word.

We will be focusing on a nursery rhyme each week, thinking about the vocabulary involved and learning the meaning of any unfamiliar words as well as rehearsing and performing the ones we learn.

Our busy time learning activities will all be linked to our class texts and themes, staff will also take note of the children's interests or events they may have been to and bring these into our learning .

RE & Worship

This half term our school RE focus is Incarnation. We will be spending time each week learning about this through stories and activities as well as taking part in regular worship where we sing together and join members of our community and the wider school.

Home School Partnership

Please continue to use Tapestry to share any fantastic moments from home. WE love to see any achievements, however big or small, new activities your child is enjoying, learning they are doing at home or any fun and games from outside of school. The more you add to Tapestry, the bigger picture we have of the things your child likes and their development. We can then use this to inform our teaching and learning in school.
